admin@csmsa.co.za

OUR MAIN AIM

To provide Safety Health and Environment policy and practices centered on a zero-harm philosophy towards people, host communities and environment

VALUES

We strive to live by our core values which are:

- People
- Excellence
- Transformation
- Customer focus
- Innovation
- Integrity
- Performance

BUSINESS APPROACH

Our business is supported by an integrated quality management system that underpins every aspect of its operations. By strategically positioning quality management at the heart of its operations, CSM has bound together the full value chain of **SAFETY, HEALTH, ENVIRONMENTAL AND QUALITY SERVICES.**

WHO WE ARE

CONTINUOUS SAFETY MONITORS (CMS) is a global leader in offering SHEQ consultancy in construction. It boasts having registered personnel with SACPCMP (South African Council for the Project and Construction Management Profession), SAIOSH (South African Institute of Occupational Safety Health), IRMSA (The Institute of Risk Management South Africa) and SABS (South African Bureau Standards ISO 9001:2008), general building and maintenance of buildings and has a range of quality learning opportunities and access to lifelong learning.

It was established in 2017 after identifying the scarcity of critical skills in Construction Industry.

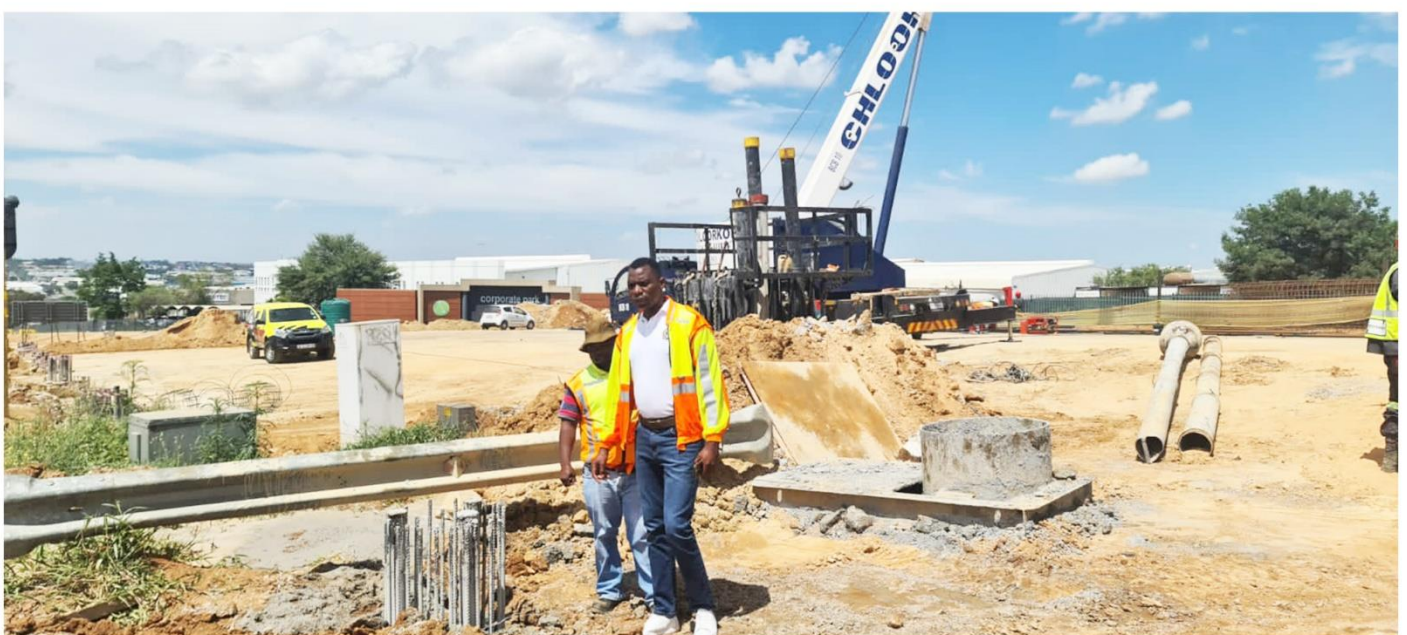

VISION

We believe in making sure your loved ones return home safe after work, by understanding your specific needs and tailoring a comprehensive Health and Safety solution, backed by qualified professionals providing physical and legal compliance, training, and management of incidents and accidents in the workplace.

MISSION

Achieving significant growth by developing and continuously improving our capabilities and delivering professional value-added services and solutions to clients through sustainable relationships and departmental goals.

WE ARE CERTIFIED AND PROFESSIONAL

SACPCMP

The South African Council for the Project and Construction Management Professions

South African Institute of Occupational Safety and Health

SABS

ISO 9001

NERA

NATIONAL EMPOWERMENT RATING AGENCY

The use of silly and meaningless safety language matters, it creates a distraction and delusion that safety and risk are being addressed. We may feel good about speaking such words but they dumb down culture and distract people from taking safety seriously. We prohibit horseplay” —by *N Gombami CHSM/267/2016*

WHAT WE DO

HEALTH AND SAFETY

- Application of Construction Work Permit.
- Recording all accident reports in a timely, complete, and accurate manner.
- Monthly Monitoring and Evaluation of Project Health and Safety Aspects.
- Preparing Healthy and Safety Specifications and Baseline Risk Assessments.
- Evaluating SHE Files for Principal Contractors.
- Prepare Consolidated Health & Safety Close Out Reports.

ENVIRONMENT

- Environmental Impact Assessments.
- Waste Use License.
- Air Quality License.
- Heritage Impact Assessment.
- Mining Permits, Rights and License Applications.
- Public Participation Process.
- Compliance Monitoring and Auditing.
- Environmental Management Plans.
- Environmental Risk Assessment.

INVOLVEMENT IN THE FULL PROJECT LIFE CYCLE

- Project Inception
- Concept Stage
- Design and Development
- Documentation
- Implementation / Execution
- Close Out

OUR SPECIALIZATIONS

PROJECT MANAGEMENT

We manage all environmental, health and safety aspects during the Project Life Cycle till completion.

COST CUTTING

We offer cost saving services that help in ensuring zero-harm incidents and accidents within the working environment during project cycle.

QUALITY WORK

We provide quality work that reduce non confirmances, that adhere to certified and recommended compliance standards.

BASELINE RISK ASSESSMENTS

We provide a risk profile that is used to prioritise activity that is risk associated and mitigation of risk within the Project Life Cycle (REG CR5a).

MONITORING AND EVALUATION

We monitor and evaluate all physical and legal compliance during the Project life Cycle.

SHE FILE EVALUATION

We do evaluation of all site specific Project Documentation.

CLIENT SHE SPECIFICATION

We prepare a suitable, sufficiently documented and coherent site specific Health and Safety specifications for the intended project based on base line Risk Assessment.
